REPLY TO CHINA.

Government Will Mediate on Certain Conditions.

MINISTERS MUST BE RESCUED

Sufficient Force Must Be Admitted to Peking Unmolested.

INSURE SAFE ESCORT TO TIEN TSIN.

These Demands Must Be Actually and Fully Complied With Before This Government Will Negotiate With Earl Li Hung Chang to Restore Peace in the Orient.

Washington, Aug. 13.—The department of state has made public the reply of the United States government to Minister Wu's communication notifying the department of the appointment of Earl Li Hung Chang as envoy plenipotentiary to negotiate with the powers. The reply says that the government of the United States learned with satisfaction of the appointment of Earl Li Hung Chang as envoy plenipotentiary to conduct negotiations with the powers and will enter at once upon such negotiations with a desire to continue the friendly relations long existing between the two countries. It is evident that there can be no general negotiations between China and the powers so long as the ministers of the powers and the persons under their protection remain in their present position of restraint and danger and that the powers cannot cease their efforts for the delivery of those representatives, to which they are constrained by the highest consideration of national honor except under an arrangement adequate to accomplish a peaceable deliverance. This government is ready to enter into an agreement between the powers and the Chinese government for a cessation of hostile demonstrations on condition that a sufficient body of the forces composing the relief expedition shall be permitted to enter Peking unmolested and to escort the foreign ministers and residents back to Tien Tsin, this movement being provided for and secured by such arrangements and disposition of troops as shall be considered satisfactory by the generals commanding the forces composing the relief expedition.

The text of this reply to the overtures communicated by Minister Wu was telegraphed to the representatives of the United States for communication to the governments of the powers co-operating in the relief movement.

That the United States had taken this course had already become pretty well understood, but the announcement of the text of the message disclosed the policy the United States has adopted. The importance of the action taken by this government lies to a considerable extent in the wording of the message. China had made overtures for peace, and had thus opened the way for a possible compromise or for further diplomatic temporizing. The United States in its response, lays down certain specific preliminaries to any peace overture, including an entirely new demand, namely that a sufficiently large force from the allied column shall be allowed to enter Peking unopposed and conduct the members of the legations and their followers from the Chinese capital to Tien Tsin. While this last demand might have been inferred from the previous rejection by the United States of the proposal for a Chinese escort, it is now put forward as an exact and unalterable demand which China must accept unconditionally if she hopes to stay the advance of the international forces or hopes even to have considered any other conditions of peace which she may desire to put forward to the offended powers.

A member of the cabinet says no consideration will be given promises of the Chinese government until the demands that have been made by this government are actually and fully complied with.

THREE DAYS REST.

All The Relief Column Was To Take After Capturing Yang Tsun.

London, Aug. 13.—As the allies were to rest three days at Yang Tsun it is supposed a further advance was begun August 10, but no word has come through from Yang Tsun since August 8, at which time the Japanese commander in a message to Tokio said

20,000 Chinese were confronting the allies. The Japanese losses at Peltang August 6 were 300 killed and wounded. The Chinese left 200 dead on the field.

The object of Chinese diplomacy as it appears from the efforts being made in London and at the continental capitals, is to induce the powers to suspend the march of the relief expedition; but it has been without success in the case of any government.

TERRIBLE MISTAKE.

Russian Troops Fired on Americans at the Battle of Yang Tsun.

New York, Aug. 13.—A dispatch dated Chefu, August 9, says a terrible mistake occurred at the taking of Yang Tsun. Russian artillery opened fire on the American troops. Before the mistake was discovered many American soldiers had been killed or wounded by the Russian shells.

The Fourteenth took part in the attack on the Chinese trenches. As the Chinese fled the regiment entered and occupied one of the Chinese positions.

A Russian battery some distance off did not notice the movement. It opened fire on the position and planted shells among the American troops. The Russians were quickly notified and ceased their fire.

Summer Reaches Nagasaki.

Washington, Aug. 13.—The war department has received a dispatch from General Barry at Nagasaki dated August 12, announcing the arrival of the transport Summer at that port August 10. No casualties occurred. The command was in excellent health and will proceed to Taku on the Indiana. The Summer carried a battalion of the Fifteenth Infantry. The Indiana will also take aboard siege guns and Maxim guns, which General Chaffee had requested and which General MacArthur sent from Manila. It will take about three days for the Indiana to reach Taku.

Troubles at Tatung.

New York, Aug. 13.—A Shanghai message says that troubles have commenced in the Yang-Tse valley at Tatung. Serious riots have taken place, and the telegraph station is reported to have been destroyed by members of the Kolavus society.

Catholics Slaughtered.

Berlin, Aug. 13.—The Catholic paper Germania says it learns that, altogether, 10 out of 50 missionaries in the vicariate of Southwest Pe Chi Li have been murdered and that 3,000 converts have suffered the same fate.

BIG ELEVATOR BURNED.

Spontaneous Combustion Believed to Be the Cause of the Fire.

Buffalo, Aug. 13.—The Dakota elevator burned entailing a loss approximating \$500,000. The fire started in the machinery loft and within 15 minutes the cupola was a mass of flames working downward through the machinery room from the bins in which were stored 500,000 bushels of grain.

Spontaneous combustion is believed to have been the cause of the fire as the elevator was shut down Saturday night and was not operated Sunday. The elevator was used by the Lehigh Valley railroad.

Fourth Zion Congress.

London, Aug. 13.—The fourth Zionist congress opened with 500 delegates present. After organizing, Prof. Max Nordau, reviewing the situation, gave an appalling account of persecution in Roumania, and paid a tribute to Emperor William of Germany for his attitude toward the Jews of Pomerania and East Prussia. Among the Americans present were Messrs. Gottlieb, Blumstein and Aanerhauf of New York; Jacob Manitoff of Brooklyn, Israel Stein of Baltimore and William Schuer of Chicago. American delegates are well represented on the committees. Dr. Deitz, formerly of Syracuse, but now of Johannesburg, is a conspicuous member of the congress.

Army of the Philippines.

Denver, Aug. 13.—Nebraska, Kansas, Iowa, the Dakotas, Colorado, Wyoming, Utah, Oregon and other western states are represented at the reunion of veterans of the Philippine campaign which will continue three days. Two years ago these soldiers were wading in the Rio Cigalon river in the Orient, waist deep, carrying the old flag and facing a storm of lead from 10 miles of Spanish entrenchments before Manila. The reunion was called for the purpose of effecting an organization of the Society of the Army of the Philippines. The idea originated with General Irving Hale.

HAVOC WROUGHT BY LIGHTNING.

Two Persons Killed and Many Injured Besides Much Destruction to Property — Bolt Knocked Out a Punching Bag.

New York, Aug. 13.—Latest reports of the big electrical storm which passed over this section show that the havoc wrought by the lightning and wind was unusually severe.

E. Benner a bicyclist was instantly killed by a bolt of lightning during the storm while standing in the doorway of Benjamin Bros', bathing pavilion on the shore of Great South bay near Bay Shore, L. I.

Thomas Dunn, 16, was killed by lightning as he stood beneath a giant oak tree, where he had sought shelter from the storm, near Jamaica, L. I.

In Jersey City, the gale tore off 40 feet of the roof of St. Paul's German Evangelical Lutheran church and knocked down part of the rear wall.

A trolley car of the North Jersey street railway company was struck by lightning in Orange, N. J., and the car was enveloped in flames. In the rush to escape five persons were injured, two of them seriously.

At Bloomfield, N. J., a circus tent was blown down.

At Elizabeth, N. J., lightning struck a tank in the Bourne-Schrymser oil yards on Front street and a big blaze resulted.

At Hackensack, N. J., shade trees were hit by lightning and torn to pieces.

Uprooted trees mark the course of the storm in Hoboken, about 200 yards of the fence inclosing St. George's cricket grounds was also blown down and the gospel tent in a vacant lot was ripped into shreds and thrown across the street.

The training quarters of Jose Bernstein, the pugilist, in this city, were struck by lightning. Mrs. Bernstein was knocked unconscious by the bolt and did not recover her senses for more than 20 minutes. When the lightning struck the house Bernstein and Jimmy Michael, the cyclist, were punching the bag in a room adjoining that occupied by Mrs. Bernstein. The punching apparatus was ruined by the lightning, but both Michael and Bernstein escaped injury.

Storm on Lake Michigan.

Chicago, Aug. 13.—Exciting experiences during a storm on Lake Michigan were reported by passengers who having started to cross from South Haven, Mich., were compelled to return to the Michigan side, or to fight the waves and wind throughout the night. The steamer Darius Cole, carrying 2,000 seafolk people due Sunday night reached port at daybreak. She was driven 25 miles out of her course by the storm and the captain had much trouble quieting the panic-stricken passengers who clamored to be landed on the shore anywhere so as to escape the watery grave many believed awaited them and the boat. The steamer A. B. Taylor, with 20 passengers, struggled for hours but was compelled to put back to Holland. The passengers all but mutinied before the captain would return.

Italian Memorial Services.

TRAIN ROBBER CAUGHT.

Committed the Crime to Get Money as He Was Soon to Be Married.

Columbus, O., Aug. 13.—Detectives have captured the train robber who killed the express messenger, Charles Lane, and rifled a safe on the Panhandle near Columbus Friday night. The culprit is Charles R. H. Ferrell of Columbus, aged 22, and has confessed his crime. He was born at Edgington, W. Va. His father, Tobias Ferrell, is a bridge builder. Ferrell says he has four brothers but does not know what has become of them. He went to school in Steubenville and worked for the Adams Express company there. From Steubenville he came to Columbus in April, 1899, and was an express messenger for the Adams company between Columbus and Pittsburg until discharged two months ago. He was acquainted with Lane and rode with him last Friday to Urbana intending to return to Columbus that night with Lane and commit the robbery, according to previously conceived plans, which he carried out. He attacked Lane near Plain City firing the first shot when Lane's back was turned toward him. Lane ran to the car door and shouted for help. Ferrell emptied his revolver into him, then robbed the safe. He then shot Lane again with Lane's revolver. Ferrell left the train at Plain City where he stayed all night and returned to Columbus Saturday morning.

Ferrell was to have been married next Thursday to Miss Lillian Costlow of this city at whose home he was arrested. Ferrell had given her money which he claimed to have saved, and had furnished rooms in her father's house to live in after the marriage. The sum of \$785 was turned over to the authorities by Miss Costlow, who is prostrated with grief over the awful disclosure. On Ferrell's person was found other sums of money. Altogether \$1,060 has been recovered.

Miss Costlow had been receiving Ferrell's attentions over a year. Ferrell says he committed the crime because he was out of employment and needed the money to get married.

Ferrell said when he was arrested, "I do not use tobacco, read dime novels nor swear." So far as known this is his first crime.

Ferrell will be tried at Marysville, Union county, unless a change of venue is granted. There is dispute as to where the trial would take place, some contending that as the body was found in Franklin county the venue could be laid there. Others, however, are of the opinion that as the shooting was done in Union county, the venue was laid there, and for that reason he could only be tried at Marysville, the county seat of Union county. According to Ferrell's own statement, he shot Lane when the train was nearing Milford Center. The law is that the defendant shall be tried in the county in which the crime is committed. Ferrell, the only one who knows when and where the shooting was done, says that it was done in Union county. No effort will be made to arraign Ferrell in Columbus until the law is investigated.

A close watch is kept on the prisoner as it is feared he may attempt to cheat justice by suicide.

Hard Blow to Ferrell's Parents.

Steubenville, O., Aug. 13.—Farrell's mother is prostrated by the news from Columbus. Her condition is very low, and it is feared she cannot recover. She was preparing to attend the wedding Thursday. Tobias Ferrell, the boy's father has gone to Columbus. He is overwhelmed with grief. The community is greatly shocked.

Refused to Sign the Writ.

New York, Aug. 13.—Judge Lacombe of the United States circuit court refused to sign the writ of extradition for Charles F. W. Neely on account of the action of Judge Wallace in granting an appeal to the supreme court in the habeas corpus proceedings. He indicated that he did not think Judge Wallace understood the real situation of the case and that if it went to the supreme court in its present shape the application for a writ of habeas corpus would be denied.

Pitched Battle With Bandits.

Robertson & Company, the Park hotel, Central House and McGregor Park music hall.

TESTIMONY FINISHED.

Jury Visits Frankfort to View the Scene of the Tragedy.

YOUTSEY'S CASE TO BE CALLED.

Governor Bradley and Others Whom Defense Claimed Were Important Witnesses Were Not Called to Testify.

Georgetown, Ky., Aug. 13.—The sixth week of the Powers trial began with a number of witnesses for the prosecution in rebuttal remaining to be examined. B. W. Bradburn, a member of the reward committee was the first witness called. Bradburn testified that of the \$5,000 drawn by the commissioners out of the fund appropriated by the legislature only \$4,000 had been expended, that no money had been paid to any witness who had testified in the case and that no agreement or contract existed between the reward commissioners and Wharton Golden, Robert Noaks, W. H. Culton or any other witness.

James Walker, colored, corroborated the testimony of J. W. Dougherty that John Perkins, the porter in Adjutant General Collier's office had carried the orders to the troops at the arsenal calling them out, but that he did not intend to testify to it was not true.

The prosecution offered in evidence subpoenas for several witnesses who were claimed by the defense in an affidavit at the beginning of the trial as being in possession of information which would be of great benefit to the defendant, the names of ex-Governor W. O. Bradley, ex-Assistant Secretary of State J. B. Matthews, ex-Assistant Adjutant General Dixon and Hamp Howard being among them. They were present during the trial but were never called on the witness stand and the prosecution wanted that fact to go to the jury. The defense objected and the court sustained the objection.

The prosecution rested its rebuttal testimony at this point. Assistant State Auditor Grayton was then called by the defense whose cross-examination of the witness in regard to the alleged speculation of W. H. Culton, while a clerk in the auditor's office was not completed at Saturday's examination.

Ex-Auditor Stone was then called. The court ruled that Stone could not testify at this stage of the trial concerning the matters upon which he was asked and the attorneys for the defense accompanied by the prisoner withdrew for a consultation. At the close of the conference, the court directed the sheriff to take the jury to Frankfort at 3 p. m.

The testimony in the Powers case was concluded at noon.

Judge Cantrill announced that as soon as the argument in this case is concluded and the case goes to the jury the case of Henry E. Youtsey will be called. The sheriff was ordered to summon a special venire of jurors for the Youtsey case.

"Extended empire, like expanded gold, exchanges solid strength for feeble splendor."

The Cynthiana Times remarks that "if Caleb Powers were as good as his testimony indicates angel wings would have sprouted at his shoulder blades long ago."

We were under the impression that the Spanish war ended a year or so ago, but we must still be fighting the Spaniards, as the Ledger says officials have compiled a statement showing the total cost of the Spanish war "up to date," and it reaches nearly \$300,000,000.

A SENSITIVE Hoosier recently excused himself for clubbing a woman to death by saying that "she had been talking about him." It would be a happy circumstance if this rude corrective could be applied to the nasty he-gossips that now infect every civilized community.

The cost of the British war in South Africa up to date has been \$851,545,765, and the expense of our war in the Philippines from May 1, 1898, when Dewey sailed into Manila Bay, to February 1st last is estimated at \$355,000,000. Both wars have been frequently reported to be "practically over," but for all that the end of neither is in sight.

As announced Monday the Democratic campaign in Kentucky will be opened September 3. A decidedly novel feature of the campaign is the decision to open the battle simultaneously in every county in the State, remarks the Courier-Journal. One hundred and nineteen speakers will be engaged and one will be placed at every county seat, and at 2 o'clock on the afternoon of Sept. 3rd the Democratic argument will be ably presented to thousands of voters. From that time until the polls close in November the contest will be waged at all points throughout the State.

EX GOV. W. O. BRADLEY and ex-Judge W. H. Yost, who were relied upon by Caleb Powers as two of his strongest witnesses, failed to appear. Subpoenas were served on both men, and numerous telegrams were sent summoning them to Georgetown, but no response was received from either. Their action is, it is said, not understood by Powers' lawyers, and they are being severely condemned by the friends of the prisoner. It has been published time and again that Mr. Bradley was told of the conspiracy to murder Goebel and ordered a stop to the dastardly scheme. Probably he knows more than Powers imagines he does, and was afraid if ever he got on the stand he would be required to tell it. That's the construction that will be placed on his failure to respond as a witness.

REPUBLICAN papers may pour out their venom on Tom Campbell and Judge Cantrill, but that won't cut much figure in the decision of the case. It is such evidence as that given by John A. Black, of Barbourville, a banker of that place, and a Republican of prominence, that will settle Caleb Powers' fate. Mr. Black testified that Powers came to him in January to advise him as to the propriety of the mountain organization which Powers was getting up.

"I asked Powers," said the witness, "what sort of a crowd he was getting up, and he said he was organizing an armed mob to go to Frankfort. I discouraged this, and told him it would injure the Republican party, would be a stigma on our end of the State and ought to be abandoned. Powers, however, insisted that the mob should be formed. His idea was that it would intimidate the Legislature."

Yet in the face of this testimony that it was "an armed mob" that Powers organized to bring down to Frankfort to "intimidate the Legislature," Powers

got on the stand and swore only good, sober, industrious citizens were brought down to "petition" the Legislature. When Powers talked to Banker Black he wasn't on trial for conspiring to murder the Governor of the State.

CULTON'S RASCALITY.

Brought Out Old Claims and Had Them Audited and Paid Again—Republican Officials Called It an "Error."

FRANKFORT, KY., Aug. 12.—The investigation in the State Auditor's office as to W. H. Culton's shortage has brought out some very curious facts, which will be stated on the witness stand in Georgetown tomorrow. It is alleged that Culton worked a very neat plan to get money from the State, and did not confine his operations to idiot claims alone, but went into the claims in the criminal prosecution department. The officials assert his plan was to get an old claim that had been audited and paid several years before, take out the account itself and put it in a new voucher, then fill out a warrant, with directions on the bottom to the State Treasurer to make the check payable to W. H. Culton.

He would then take the warrant to Auditor Stone or Assistant Auditor Johnson, get it signed, cross over to the Treasurer's office, secure his check on the bank, cash it and the transaction was ended. The officials claim the records show that he kept this up for months and went back as far as 1882 in one instance to get an old account which he audited, and got the cash on it, although it had been paid seven years before. This would seem to indicate gross carelessness on the part of somebody not to discover that Culton was drawing so many warrants to be paid to himself.

Finally, in December last, when his operations were discovered, he had secured over \$1,100. On the witness stand last week ex-Auditor Stone said he fired Culton because he had stolen \$1,000. The recent investigations show that when the money was refunded it was credited to "error in issuing warrants," and not to "defalcation or shortage by W. H. Culton." Captain Stone's friends think he is not to blame in the matter, but those who are not of his political faith say he should not have said it was "error" in December and then change it to "stealing" seven months later, because if it was stealing at all, the thief should have been punished when caught, even if a contest for Governor and other State officers was on at the time.

The Rough Rider Hats

Have met with a splendid reception. They are certainly well adapted for knock-about wear, with a style about them that gives the wearer a decidedly jaunty appearance. The various shapes, such as Cavalier, Lawton, Ladysmith, Marlborough and Dakota, all to be found in our stock, are absolutely the very latest and will be most popular for fall wear. They come in many colors. Prices 79c. to \$1.89.

Shirt Waists at Less Than Cost.

We have determined not to carry over any Shirt Waists. Every inducement will be offered to sell 'em quickly. Prices have been still more reduced, and whether you need a waist for this or next season's wear, it will pay you to buy now. \$1.50 waists are now 98c.; the \$1 kind are 69c.; those that were marked 75c. are marked down to 50c., and so on through the list. They come both white and colored. All styles.

YOUR ATTENTION

Bond's Specific.

BLUE CREEK, ADAMS CO., OHIO, August 9, 1899.

The Herb Medicine Co., 17 West Third street, Maysville, Ky.—My Dear Sirs: Through your wonderful Specific I am a happy man. I was taken down with the grip last January and it left me so I could not walk across the room and for three months I was in this condition. My stomach was in such condition I could not eat anything but light bread and drink water. I tried many doctors, but they did me no good and I lost all hopes. I accidentally heard of Bond's Specific, I have taken one bottle of it and I can now eat anything I want, and walk three miles without tiring. Yours respectfully, M. L. NUMAN.

Cold Steel or Death.

"There is but one small chance to save your life and that is through an operation," was the awful prospect set before Mrs. I. B. Hunt, of Lime Ridge, Wis., by her doctor after vainly trying to cure her of a frightful case of stomach trouble and yellow jaundice. He didn't count on the marvelous power of Electric Bitters to cure stomach and liver troubles, but she heard of it, took seven bottles, was wholly cured, avoided surgeon's knife, now weighs more and feels better than ever. It's positively guaranteed to cure stomach, liver and kidney troubles and never disappoints. Price 50c., at J. Jas. Wood & Son's drug store.

Not only to our satisfaction, but also to the satisfaction of the public, that only the highest character of merchandise satisfies our patrons. We venture to say that no Clothing house in the State averages as high as ours in the quality of goods carried by them.

What we particularly desire to dwell on in this advertisement is our

Don't Be Blind To Facts You Should Know

The Testing of the Eyes by a competent Optician is not a matter of guess work, nor is it a matter of trying on glasses promiscuously, but it is a science governed by principles which none but a person who

has studied the science of Optics can understand. We have, with years of experience and close application to properly fitting of glasses to the sight, acquired the knowledge of knowing how, a fact which certainly gives us a great advantage.

Come and let us examine your eyes and we will advise you regarding the true condition of them.

British-American Union.

San Francisco, Aug. 13.—A British-American union has been organized in this city. Its purpose is stated to be the furthering in every way of a better understanding between "both great branches of a common race." It is hoped thus to afford a common rallying ground not only for the 50,000 Britshers in California, but for all those who recognize the mutual interests of the British empire and the United States. A board of 15 directors has been chosen under the presidency of William Greer-Harrison.
